About Leopold Grants Consulting

Honored to work with researchers and healthcare leaders to advance projects that improve health. Applies 15+ years' experience into writing grant proposals and strategic communications in medical research and healthcare.

Medical research

Edit NIH applications (e.g., R01, R21).
Help biotech submit SBIR or STTR proposals.
Consult with research/patient partners on PCORI.

Health grants

Write full narratives (e.g., CDC, HRSA).
Revise prior proposals for renewal grants.
Develop logic models and evaluation plans.

Education and Publications

Present grants workshops.
Write articles on health and medical funding.

Strategy & Research

Collects and reports data on funding.
Forecasts federal grant climate.
Searches funding opportunities.
